IP Config

MAC Address:	C0-4A-00-A3-F3-05		
IP Address Mode:	Static IP	DHCP	BOOTP
Management VLAN:	(VLAN ID: 1-4094)		
IP Address:	<input type="text"/>		
Subnet Mask:	<input type="text"/>		
Default Gateway:	<input type="text"/>		

Note:
Changing IP address to a different IP segment will interrupt the network communication, so please keep the new IP address in the same IP segment with the local network.
